

RUBICO LIMITED

Quality Policy

Rubico Limited provides client services to the retail sector related to the removal of client shop fittings and installations to return properties to landlords in agreement with lease contract terms. We also deliver and manage Asbestos surveys and removal services for our clients.

Rubico Limited operates its services under our Quality Management system and processes developed to meet the requirements of ISO9001:2015.

We provide our clients with best in class services and advice through the application of our Quality Management System.

Rubico Limited Quality Management System ensures our clients shall receive the best practicable services through our commitment to our quality objectives, KPI's and measurement which we review regularly.

Rubico Limited are committed to meeting and/or exceeding all applicable legislation and customer requirements in the delivery of the services.

Our management system includes processes designed to provide continual improvement of our services to meet the developing needs of our clients and the relevant legislation.
